Master & Muse II

Admira presents the highly-anticipated sequel to the Master & Muse catalogue series.

The 2020 catalogue emphasizes on intricacies and meticulous methods on design concepts. After identifying every idea's core purpose, take a step further to dive deep into the details to evoke emotions through multi-sensory design.

Master & Muse II implores the imaginative minds to embrace symbolic elements for future masterpieces. As once prominently said by Charles Eames, "The details are not in the details. They make the design."

"If everyone would look for that uniqueness

Three coconut shells are arranged horizontally on a dark, weathered wooden surface. The leftmost shell is filled with bright green powder, with a small pile of the same powder spilled on the surface in front of it. The middle and right shells are filled with bright blue powder, with some powder also spilled on the surface in front of them. The text "then we would have a very colourful world." is written in white, sans-serif font, arched over the shells.

then we would have a very colourful world."

Michael
Schenker

Contours

 [CHECK FULL SIZE IMAGES @ ADMIRA.SG](#)

The Contours collection presents realistic wood laminates with synchronized surface texture, which assures realism at its finest.

Contours accentuates the natural texture and contrast of wood finishing. The surface's colour intensity creates an authentic depth that resembles the rustic aesthetics of actual wood.

Admira's synchronized laminates are robust, lightweight and eco-friendly.

XTREME MATT HPL captivates like never seen before. Enormous colour transparency and depth with a comfortably warm, velvety soft feel.

This low-reflection surface invites you to touch it without leaving any traces behind from fingerprints, or any hand traffic grease.

The electron beamed cured surface reflects its metallic polished look that suits contemporary living.

The looks will not deceive you - it is an extremely robust, durable and easy-care high-pressure laminate.

Bespoke

Admira is a proponent of originality within the local art scene.

Bespoke is a collection of uniquely-designed laminates by Singapore's budding artists. This collaborative project aims to create buzz in the promising and ambitious design industry.

To launch Bespoke, Admira is one of the first to produce colourable laminates by teaming up with a rising local artist - Trivialities.

About Artist

Trivialities is the brainchild of Trivia Goh. Creator of the imaginary, whimsy and adorkable, Trivia Goh is a Singapore-based artist illustrator whose works revolve around otherworldly characters and places; as if to document them having had a place in her casual daydreaming world. Often, these flights of fancy are brought into our reality in the form of paintings or handmade resin toys.

LAMINATE SIZES AVAILABLE

Available in these two sizes - 4ft x 8ft* or 4.2ft x 10ft*
Please refer to the price list for further details.
Kindly contact us for any queries.

*All sizes are subject to design and availability.

CLASS “O” & “1” FIRE RATED MATERIAL

ADMIRA HPL are tested by **TÜV SÜD PSB** on both fire propagation and surface spread of flame performance and, achieved Class "O" or Class "1" optimum fire resistance properties.

Kindly contact us for the test reports and documents.

GREEN LABEL FOR A GREENER FUTURE

#042-002

ENVIRONMENTALLY
PREFERRED LAMINATE

ADMIRA HPL, as an eco-surface material, have a low toxicity eco-content and are made under strict manufacturing processes to provide improved indoor environmental usage.

CLEANING & CARING TIPS

A major advantage of **ADMIRA's** laminate surfaces is that cleaning is so simple and easy. A damp cloth is sufficient for cleaning and using a regular dish-washing liquid is more than sufficient to get rid of any greasy stains.

For stubborn stains, they can be removed with an organic solvent such as methylated spirits or alcohol. Brushes with hard bristles (not wired brushes) may also be used for soft scrubbing.

We do not encourage any application that the laminate surface is not designed for. For example, abusing the laminate surface as a chopping board, placing hot cookware directly onto the **HPL** surface, exposing the **HPL** to open flames, and applications to outdoor areas under direct sunlight.

Proper maintenance and care for **ADMIRA HPL** surfaces will ensure that the material will retain their original protective functions for many years.

Disclaimer & Warranty

Clients are advised to reconfirm the selected designs, corresponding colour codes and material attributes with ADMIRA's representatives prior to ordering. ADMIRA will not be responsible for any claims resulting in errors in this catalogue, or from the sample selection process. ADMIRA ensures that its surface products are reasonably free of defects upon delivery with compliance to its strict material properties and quality controls. Customers are advised to examine the HPL quality before installation for any noticeable manufacturing defects. Should there be any inherent defects not due to mishandling or improper installation, ADMIRA's liability will be limited to the replacement of products only. Colours and pattern of the laminate sheets in this catalogue and on our digital platforms may vary from actual laminate pieces.
