WWW.ADMIRA.SG
f i # ADMIRAHPL

Admira transforms spaces by blending beauty, texture, and colour, turning the ordinary into the extraordinary. With a focus on sensory experience, it offers a range of surfaces from wood grains and stone to abstract designs, each telling a unique story. Admira embodies design's transformative power, enhancing environments into immersive experiences.

YOUR INTERIOR DESIGN JOURNEY BEGINS NOW

Embark on your interior design journey with our laminate collection, which offers an array of colours, textures, and patterns to transform your space into a stylish masterpiece.

SOLID

THE MOMENT — OF SIMPLICITY

In a world of vibrant patterns and intricate designs, the solid colour laminate stood alone, its simplicity a beacon of elegance and sophistication.

C |

D |

E |

A modern interior space with wood grain laminate walls. A small tree in a planter sits on a light-colored tiled floor. A white shelf is mounted on the wall. The text "WOOD THE MOMENT OF AUTHENTICITY" is overlaid on the image.

WOOD
THE MOMENT
— OF AUTHENTICITY

Wood grain laminate combines the intricate look and tactile warmth of real wood with durability and affordability, offering a practical yet elegant solution for modern interiors. This fusion of technology and nature provides spaces with a natural ambiance and comfort, effortlessly blending aesthetics with functionality.

APOD

www.apod.design

Our laminate surfaces can be customised to embody biophilic design, seamlessly integrating plant-inspired aesthetics into your space.

Traceless[®]

FINGERPRINT RESISTANT & ANTIMICROBIAL LAMINATE

When we say “**Traceless**”, we mean it both ways. As its name implies, Traceless leaves no fingerprints or bacteria behind. Our antimicrobial certified laminates, which contain silver ions (Ag+), effectively inhibit microbial growth upon contact, providing you and your loved ones with long-lasting protection.

This range is best viewed in actual size.

INTO REALITY

FREEDOM TO

A REVOLUTIONARY COLLECTION

No Installation Services.

Singapore (SG)

Patent Pending

Artistic Panels On Demand

A revolutionary collection, giving architects and designers the tools they need to express their creativity and turn their visions into reality.

With APOD, you have the freedom to express graphics on any carpentry surface. This includes gradients, customized artworks, and unique patterns. Showcase your originality with designs that will leave an impression.

CUSTOM LAMINATES

Limitless Single Panels

9mm Plywood / 18mm Door Panel

Limitless Sizes

Custom laminates that are smaller than 4by8 are produced and supplied on 9mm plywood and can also be produced as 18mm door panels.

Photo quality

Ensure file is high-resolution 300 dpi.

REPEATING PATTERNS

Duplicate and Multiply any way

No MOQ

Minimum quantity is 1 sheet in 4ft by 8ft.
Laminate only as a sheet.

COMBINED PICTURE

Combine panels or several door panels

Fully customisable

Take your vectorised graphics and apply it to any of the above configurations.

CLEANING & CARING TIPS

Cleaning is a breeze with **ADMIRA** laminates – all it takes is a damp cloth and regular dish-washing liquid (optional) for removing greasy stains. For stubborn stains, an organic solvent such as methylated spirits or alcohol will do the job. Brushes with hard bristles (non-wired) may also be used for gentle scrubbing.

To keep your laminates in good condition, avoid any application other than the laminate's directed usage instructions. Examples of discouraged application include using the laminate for horizontal applications for products where "Vertical Application" is stated. Other examples include applying the laminates at outdoor areas under direct sunlight or placing hot cookware directly onto the laminate surface. Proper maintenance and care will keep your laminates in good shape throughout its lifespan.

ADMIRA laminates are certified under the Singapore Green Label scheme and the Singapore Green Building Product scheme for supplying quality green materials that meets safe indoor usage needs. Our products are awarded GREENGUARD and GREENGUARD GOLD for meeting stringent chemical emissions standards, making them a safe choice for schools and healthcare facilities.

ADMIRA is also committed to sustainability. Our materials are harvested from sources that comply with environmentally and socially responsible forestry.

CERTIFIED FIRE RATED MATERIAL

ADMIRA laminates are tested by **TÜV SÜD PSB** for propagation and surface spread of flame performance, achieving optimum fire resistance properties. Kindly contact us should you require test reports and certifications.

ANTIMICROBIAL CERTIFIED

ADMIRA laminates are evaluated and certified for antimicrobial effectiveness in accordance with JIS Z 2801 / ISO 22196. Kindly contact us should you require test reports and certifications.

DISCLAIMER & WARRANTY

Colours and patterns of the actual laminate piece may vary with laminate pieces presented in this catalogue and on our digital platforms. Clients are advised to confirm the selected designs, corresponding colour codes and material attributes with ADMIRA's representative prior to ordering. ADMIRA will not be responsible for any claims resulting in errors from this catalogue or from the sample selection process. In compliance to strict material properties and quality controls, ADMIRA ensures that its products are reasonably free of defects upon delivery. Customers are advised to examine the product for any noticeable manufacturing defects before installation. Should there be any inherent defect not due to mishandling or improper installation, ADMIRA's liability will be limited to the replacement of products.
