CERARL | セラール

TENACIOUS AESTHETICS ON DEMAND

CERARL panels are waterproof and fire-retardant. They are especially ideal for backsplashes in busy commercial kitchens. Furthermore, its superior impact and stain resistance also allow for hassle-free cleaning.

Offering practical aesthetic solutions with beautiful wood grain patterns, marble, industrial and brushed metal surfaces; CERARL can be applied in spaces you would not have imagined to be possible.

Made in Japan.

WARMING UP THE WHITES

Looking to cozy up an all-white kitchen? Consider subtle cream colours or off-white shades that add warmth while retaining that light and airy look for your white-themed kitchen. Featured here are our fire-retardant and stain-resistant CERARL panels, a perfect surface for your kitchen backsplash!

P.S. we also love how nicely the glossy beige backsplash complements the cheerful, glossy red oven in this one!

INTRODUCING TRACELESS

➤ LOVE COOKING, HATE CLEANING?

Sick of having to wipe off those pesky fingerprint smudges on your tables and cabinets every so often?

With Traceless, your surfaces can be kept free from pesky fingerprints that are often visible on dark furnishing.

Get inspired by this gorgeous mocha brown kitchen finished with Admira's fingerprint-resistant and anti-microbial Traceless laminates – an aesthetic and functional kitchen designed to make cleaning and cooking fuss free!

Most prefer a sparkling white kitchen. Others prefer darker shades for an edgy and seductive allure. Both can be extremely pleasing when the design is done right.

We particularly love the addition of Cement Wood laminate to add a reclaimed and rustic appeal for a masculine kitchen concept!

MODERN CHIC AT ITS FINEST

The contrast between earth colours and gold really stands to impress. With gold detailing, one can breathe life into colours that are typically considered boring or plain. Set the mood for some fine cooking and sophisticated get-togethers in this very modernly chic kitchen.

EBONY IVORY

A classic black and white pairing never goes out of style, and easily complements any furniture or appliance in your kitchen.

"Black has it all. White too. Their beauty is absolute. It is the perfect harmony"
- Coco Chanel

MODERN TWIST

Influenced by modern designs, Peranakan has developed a branch of 'Modern Peranakan' featuring a more neutral colour such as grey with a mixture of iconic patterns.

Paired with the latest trending colour - blue, the result is an unexpectedly pleasing visual treat!

BALANCING BOLD COLOURS

○ — Raven
CDP 1312 XM

Black can be an intimidating colour to work with.

Too much of it leads to a heavy looking interior while using too little of it may not stand out quite enough to create an impact.

Artful placement is thus a key when working with black laminates. One can artfully place them at focal points such as a backsplash or an island in this case.

Draw inspiration from this sleek and upscale kitchen created with Xtreme.

Possessing fingerprint, scratch and chemical resistance properties, Xtreme makes the perfect surface for high -traffic areas in your home.

5 REASONS WHY YOU NEED **CERARL** *IN YOUR BATHROOM*

So, you've just gotten the keys to your new home...

You're excited about the new memories that are about to be made until you see those plain, ordinary walls, especially in the bathroom.

Those walls do not exactly match your bathroom accessories or design ideas. Most people would leave the walls as it is, but why put up with mediocrity when there is a beautifully-efficient way to spruce up the walls?

Introducing CERARL – a unique decorative panel designed for wall cladding; even on existing furnished walls.

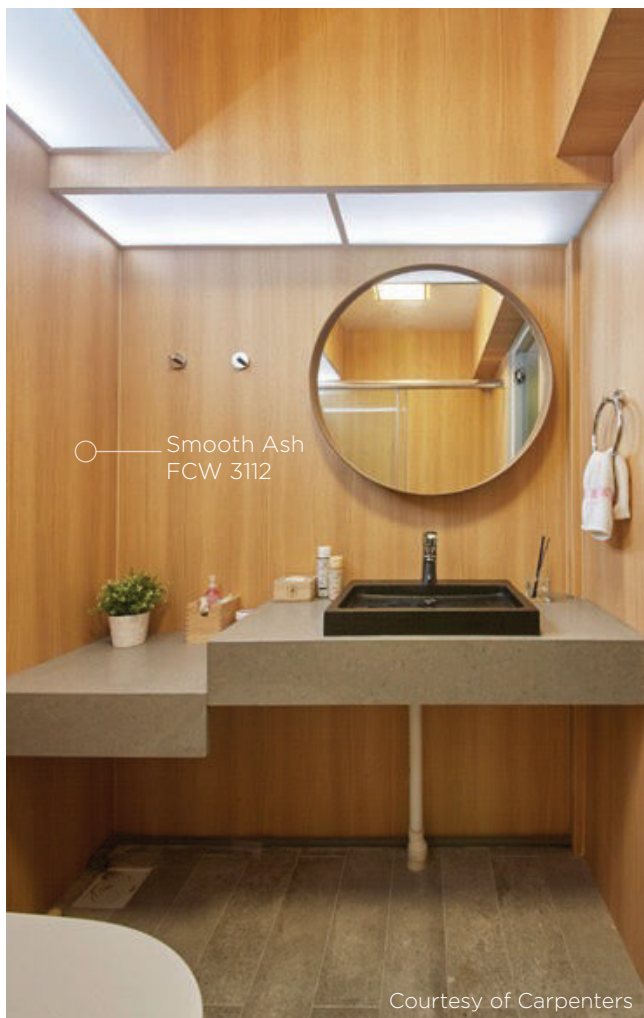

With a selection of over 40 attractive designs of wood, stone, marble and patterns, CERARL is both aesthetic and functional; a must-have for every bathroom!

01

QUICK & EASY INSTALLATION

No hacking of walls or plywood backing is required prior to CERARL installation. So long as the wall surface is flat, dry and free from dust, CERARL panels can easily be cladded on with adhesive agents - Maxbond and industrial double-sided tape. A rubber mallet may be used for finishing touches to ensure that the panels are evenly pasted. Leave the adhesive to bond with the wall for 7 to 8 hours

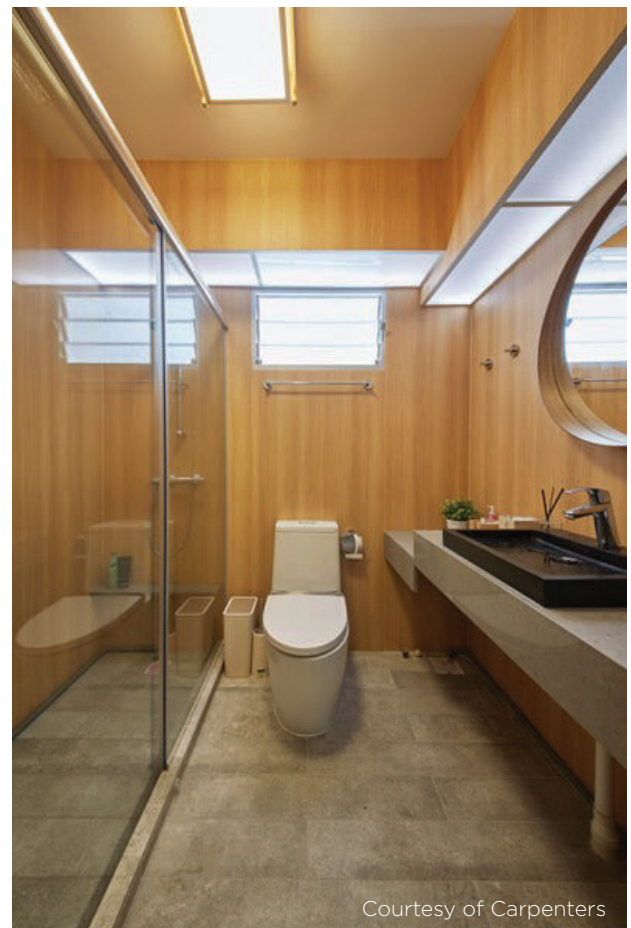

CERARL's fuss-free installation is convenient for both property owners and contractors, greatly reducing noise and mess. It is an ideal choice for A&A works as well as for new HDB flats where a three-year prohibition for removal of bathroom wall finishes is imposed.

02 EASY CLEANING & MAINTENANCE

Overtime, bathroom walls can start appearing stained and seriously ruin the whole aesthetics.

Having to clean stubborn bathroom stains is also a daunting task for every homeowner. CERARL offers a simple solution with its superior stain resistant properties. A quick clean with a soft sponge, damp cloth or melamine foam is enough to keep your surfaces spick and span.

For stubborn dirt and stains, simply adding on some mild detergent or surface cleaners would do the trick.

Bowerman

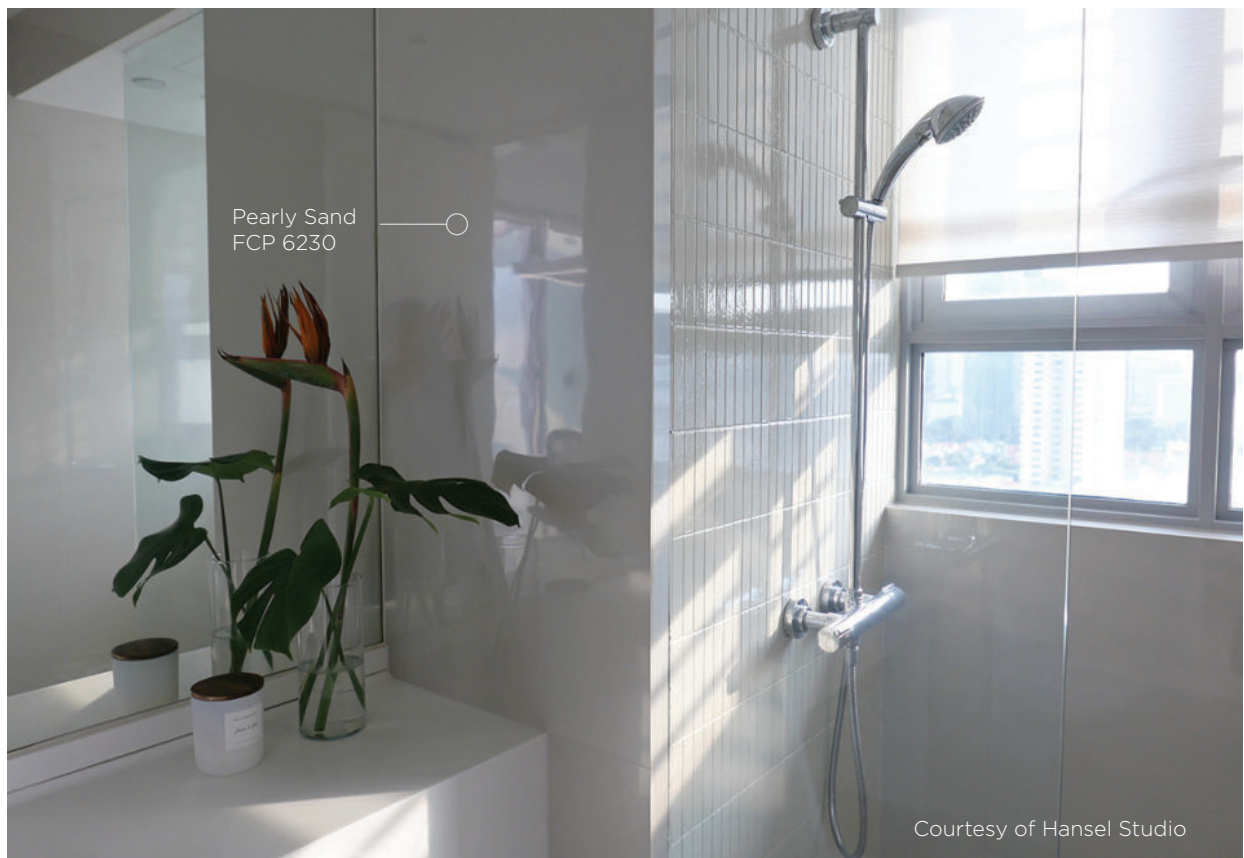

201 Joo Chiat Rd
#01-04
Singapore 427472

Contact: 9487 9324

03 WATERPROOF & HEAT RESISTANT

Constructed with fibreglass, CERARL is a waterproof material that is suitable for both the wet and dry areas of your bathroom. It also comes with high heat resistance so no worries when you wish to pamper yourself with a hot shower after a tiring day of work.

Be rest assured that these durable surfaces will not crack or peel in heat and humidity!

Hansel Studio

883 North Bridge Road
#19-05 Southbank
Singapore 198785

Contact: 8892 1966
Email: contact@hanselstudio.com

04 BOUNDLESS POSSIBILITIES

Even after installation, CERARL offers the flexibility for adding on more accessories and fittings over it. Unlike tempered glass that would crack from drilling, or tiles which requires tedious drilling into the grout lines, CERARL does not crack and allows for fittings to be installed wherever you deem fit.

With typical tile walls in bathrooms, it is also easy for dirt and mold to build up in between the grout lines, making the constant upkeep of hygiene a tall order. With our seamless CERARL panels, you can bid goodbye to that unsightly dirt build-up for good!

SUPERB AESTHETICS

05

Lastly, CERARL is just pleasing to look at due to its seamless joining effect! Simply join the panels side by side for a sleek seamless finish. For those who prefer some details, CERARL also comes with a selection of joiners to choose from.

Explore the boundless possibilities of CERARL and enjoy the creative freedom to design your dream bathroom with luxurious marble or novel woodgrains!

OPERATION **DE**-COVID-19

COVID-19 has brought great disruptions to our lifestyle and the livelihood of many on an unprecedented level. This is particularly hard-hitting on our migrant workers who have been one of the key contributors to our economy. Many of them have been affected by COVID-19 and to protect the community from the virus, these workers have no choice but to stay in their dormitories. During this time of hardship faced by our migrant workers, the Society of Interior Designers Singapore (SIDS) stands in solidarity with them and has assembled a team of prominent **DESIGNERS** from across the different creative disciplines to design t-shirts that can spark unity among the migrant workers as well as our fellow Singaporeans.

"Let's stay united to overcome COVID-19 and build a stronger Singapore for all."
