ADMIRA

MOOD

In this edition, we emphasise on bringing a human touch to design concepts. Our mood is inevitably impacted by the environment, both consciously and subconsciously. Likewise, we tend to imprint ourselves on the places where we live, work and play. It is often said that an individual's personal space is a reflection of who they are. Whatever it is that you long – be it to evoke comfort, joy, or elegance, we have the laminates to set the mood. Optimise your surroundings; curate the mood that matches your style.

BE THE ARTIST OF YOUR LIFE.

SOLID

Life is a great big canvas; throw all the paint you can at it.”

Danny Kaye

Traceless

Fingerprint Resistant & **ANTIMICROBIAL** Laminate

When we say "Traceless", we mean it both ways. As its name implies, Traceless leaves no traces of fingerprints or bacteria behind. Our antimicrobial-certified laminates inhibit microbes upon contact, offering long lasting protection to you and your loved ones.

Xtreme

SUPER MATTE · APPEAL · TRACELESS

Xtreme captivates like never seen before. Enormous colour transparency and depth with a comfortably warm, velvety soft feel. The electron beamed cured surface reflects its metallic polished look that suits contemporary living. Do not be deceived by its look - beneath its soft velvety surface lies an extremely robust and durable high-pressure laminate.

The Houndstooth pattern dates back to Scotland in the 1800s with the name derived from its resemblance to a dog's jagged tooth. A traditionally masculine motif, the iconic Houndstooth has since been re-envisioned by major fashion houses in softer colour variations.

CLEANING & CARING TIPS

Cleaning is a breeze with **ADMIRA** laminates – all it takes is a damp cloth and regular dish-washing liquid (optional) for removing greasy stains. For stubborn stains, an organic solvent such as methylated spirits or alcohol will do the job. Brushes with hard bristles (non-wired) may also be used for gentle scrubbing.

To keep your laminates in good condition, avoid any application other than the laminate's directed usage instructions. Examples of discouraged application include using the laminate for horizontal applications for products where "Vertical Application" is stated. Other examples include applying the laminates at outdoor areas under direct sunlight or placing hot cookware directly onto the laminate surface. Proper maintenance and care will keep your laminates in good shape throughout its lifespan.

ADMIRA laminates are certified under the Singapore Green Label scheme and the Singapore Green Building Product scheme for supplying quality green materials that meets safe indoor usage needs. Our products are awarded GREENGUARD and GREENGUARD GOLD for meeting stringent chemical emissions standards, making them a safe choice for schools and healthcare facilities.

ADMIRA is also committed to sustainability. Our materials are harvested from sources that comply with environmentally and socially responsible forestry.

CERTIFIED FIRE RATED MATERIAL

ADMIRA laminates are tested by **TÜV SÜD PSB** for propagation and surface spread of flame performance, achieving optimum fire resistance properties. Kindly contact us should you require test reports and certifications.

ANTIMICROBIAL CERTIFIED

ADMIRA laminates are evaluated and certified for antimicrobial effectiveness in accordance with JIS Z 2801 / ISO 22196. Kindly contact us should you require test reports and certifications.

DISCLAIMER & WARRANTY

Colours and pattern of the actual laminate piece may vary with laminate pieces presented in this catalogue and on our digital platforms. Clients are advised to confirm the selected designs, corresponding colour codes and material attributes with ADMIRA's representative prior to ordering. ADMIRA will not be responsible for any claims resulting in errors from this catalogue or from the sample selection process. In compliance to strict material properties and quality controls, ADMIRA ensures that its products are reasonably free of defects upon delivery. Customers are advised to examine the product for any noticeable manufacturing defects before installation. Should there be any inherent defect not due to mishandling or improper installation, ADMIRA's liability will be limited to the replacement of products.
